

DubaLube Lubricating products are designed especially for the Paper & Printing Converting Industry.

- ▶ Provides great deep penetrating lubrication
- ▶ Does not attract paper particles and dust.
- ▶ Dirt and dust-free parts means less heat
- ▶ Industrial lubrication reduces heat.
- ▶ DubaLube lubricates means longer lasting parts.

PRODUCT info

DubaLube Chain Lubricant C300

The toughest, best protecting, best lubricating chain lubricant you'll ever use! Guaranteed! Engineered for the toughest industrial applications. Chain Lubricant lubricates all types of chain, cables & open gears. It helps reduce friction and wear while inhibiting rust and corrosion.
24- 13 oz. Aerosol Cans / Case

DubaLube White Lithium Grease W400

DubaLube White Lithium Grease is a hi-performance general purpose grease that can be used on hundreds of jobs. The special formula allows for deep penetration and lubrication. Engineered for the toughest industrial applications. It will prevent rust & corrosion and reduce squeaks. It sets up quickly to a protective coating.
24- 13 oz. Aerosol Cans / Case

DubaLube Hydraulic & Gear Box HE3300

A proven additive for Compressor Motors, Hydraulic Pump Systems, Gear Boxes, Fork Lift & Clamp Truck Crank Case and Hydraulic Units Single Facer & Down Stacker Hydraulics, Double Back Drive Systems & Gear Boxes. DubaLube Hydraulic & Gear Box helps reduce friction, heat and gear noise. It protects bearings & gears and improves its life cycle. It increases hydraulic pump performance and extends pump life. Formulated to be compatible with all Oils & Lubricates. 5% Addition gives 100% Protection
Available in 5, 30 & 50 Gallon Containers

DubaLube Products are available through Adhesion Sciences Inc. Serving the Paper, Film, Plastic & Printing Converting Industry
